

QuietPutty® 380

Acoustical Putty

EASY TO USE acoustical putty

QuietPutty® is a moldable putty designed to maintain the performance of acoustically rated walls with penetrations such as electrical outlets, HVAC ducts, water hookups and cables. QuietPutty® is clean, easy to use and requires no tools. Use as part of the Quiet® Sound Damping System for reliable, low cost results.

QuietPutty Benefits

- Adheres to most construction materials for a high quality seal
- Asbestos free
- Provides a draft and cold smoke seal
- Minimal shrinkage and will not dry out
- Noncorrosive to metal and plastics

Product Specifications:

Thickness:	1/8" (3mm)
Width:	7" (178mm)
Length:	7" (178mm)
Weight:	1 oz/in ³
Color:	Blue/Green
Unit Size:	10 pads/box

The information contained in this document is for general purposes only. Construction practices have an influence on final STC ratings. PABCO® Gypsum cannot guarantee actual STC ratings. Flanking sound patterns, the integrity of the wall, and construction methods factor in effective sound control. QuietPutty® should be stored flat in a dry area to prevent damage to product.
