Sonex Plano Baffle Absorbers

SONEX® PLANO Absorbers provide exceptional sound absorption with virtually unlimited profile shapes and T-grid ceiling plans. Profiles include convex, concave, wedge and custom contours. The baffles are easy to suspend from a standard T-grid system in crosshatch, straight line or other patterns across the width or length of the ceiling for a signature design. These baffles reduce echo and sound reverberation in large open areas.

- Virtually unlimited profile shapes and T-grid ceiling plans
- For retrofit and new construction
- Easy standard T-grid installation in crosshatch, straight line or other patterns
- Reduces noise, echo and sound reverberation
- Made from willtec foam
- Class 1 fire rated
- Available in natural white and grey and water-based acoustic coated finishes
